\* Usual Spreads apply during normal market conditions. The standard spreads for 2nd month contracts of some commodity futures CFD's are double those of the front month. If, for example, the standard spread for Crude Oil Futures CFD's is 6 points for the front month, the second month will be quoted with 12 point spread until it becomes the leading month

\*\*Minimum Amount to Risk for Webtrader

\*\*\*Margin Requirements for HYT4 Download Platform

For Islamic accounts, any open position in certain products will not be subject to overnight fees for the first 14 days after the position is placed in the market. If the position remains open after 14 days, normal overnight fees will start applying to that open position.
